

Color temperature: 8000K

Lens: Jingsai optical lens

Horizontal: 540° Vertical: 270°

Light source: OSRAM371W

Total power: 600W

Waterproof grade: IP55

DMX512 signal control

Color plate: 14colors plus white light, and bidirectional speed change rainbow effect is available.

Rotary pattern plate: 17 fixed pattern plates plus white light

Atomization: 1 Atomization mirror

Biprism: 8 prisms and 8+16 prisms for bidirectional speed change rotation

Light dimming: 0-100%

Strobing: 1-13 times/second

Focusing: Electronic focusing

Light output angle: 1.9°-3°

Panel: LCD sensitive button

Appearance: Patented product of full PV+ fiber plastic outer shell

Hanging: Can be hung

Net weight: 20KG

Dimension: 36*31*60cm
